## Counter Top Units

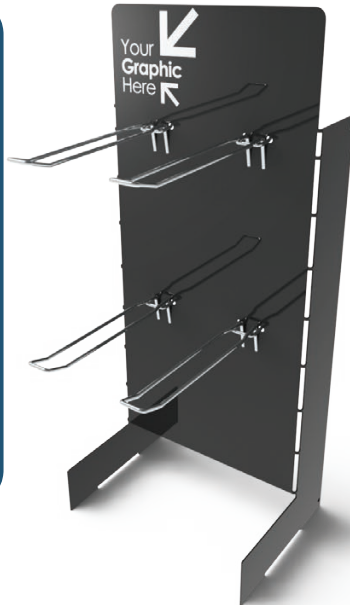

Floor space at a premium or just looking to grab a few impulse sales at the till.

Our range of counter top displays can help. Ranging from a budget hook display, up to an interactive digital check in unit.

Digital check in touch screen kiosk.

## Budget Folding Metal Hook Display

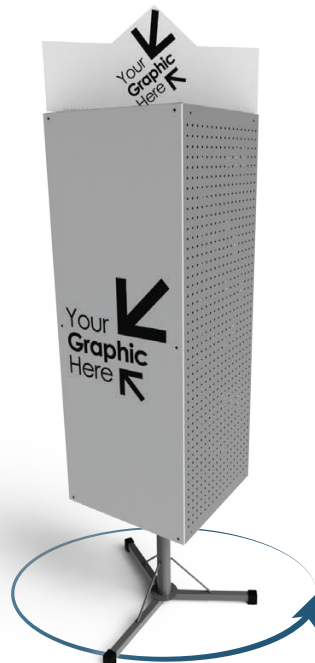

## Spinner Units

Want your display to be easily shopped from all sides. Our range of spinner units can make that happen, ranging from the simple perforated unit to an illuminated acrylic high end display.

Digital check in touch screen kiosk.

## Perforated metal spinner - POS panels and header

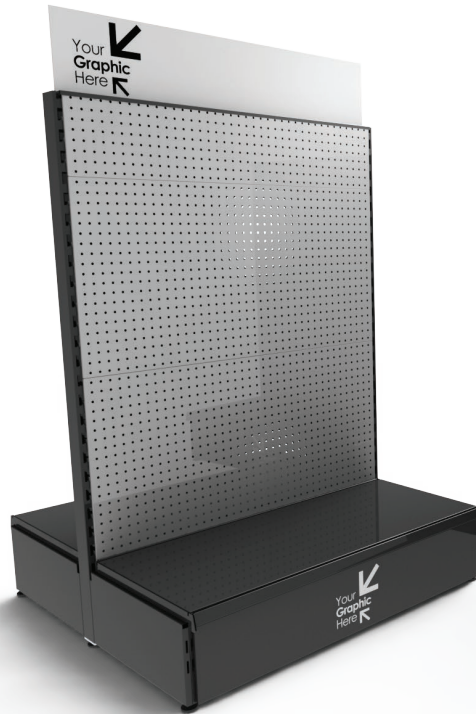

# Gondola Displays

Whatever your products may be, however large or small your retail space may be, we can design and manufacture retail gondolas to match your specific needs perfectly.

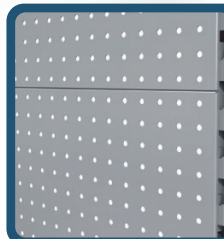

**Our gondolas are available with a huge range of standard accessories, POS arrangements and come in varied sizes and colours.**

Take your pick from perforated or slat panels and pick from our standard RAL colour offering. (other colours available at additional cost.)

Double Sided unit

Single Sided unit

PERFORATED PANELS

25mm pitch

NARROW SLAT PANELS

33.3mm pitch

## Free Standing Display (FSD)

Bespoke stands to meet your display needs, designed to suit only your product.

**We can design it for you, to suit any budget.**

# Tool Accessories

Wide selection of tool holders and shelves are available, we have shown just a few. If something isn't there we will make it to suit your product.

Drill Stud Bracket

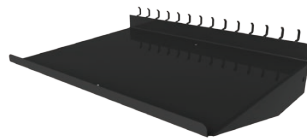

Drill Stud Bracket

SM Accessory Shelf

LRG Accessory Shelf

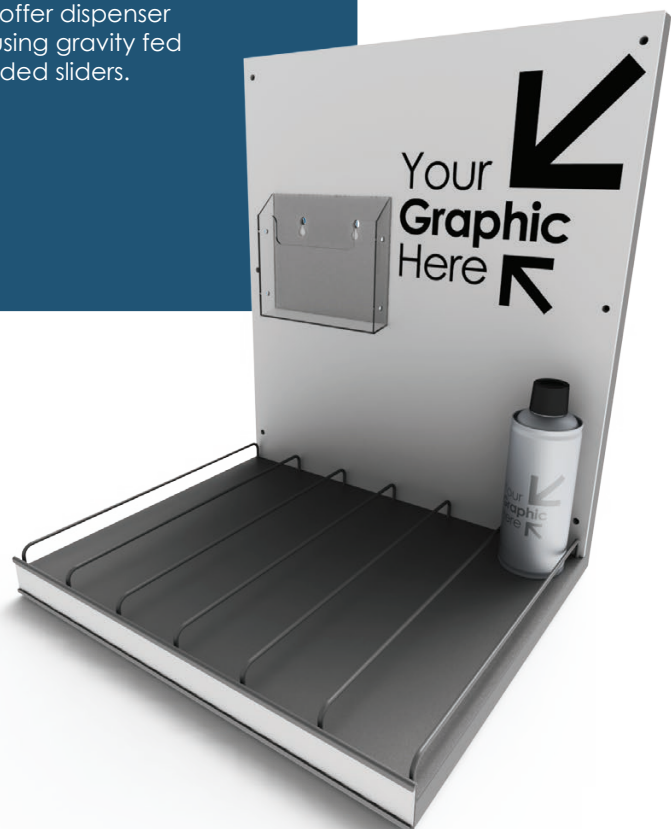

Circular Saw Shelf

Boot Shelf

# Dispenser Displays

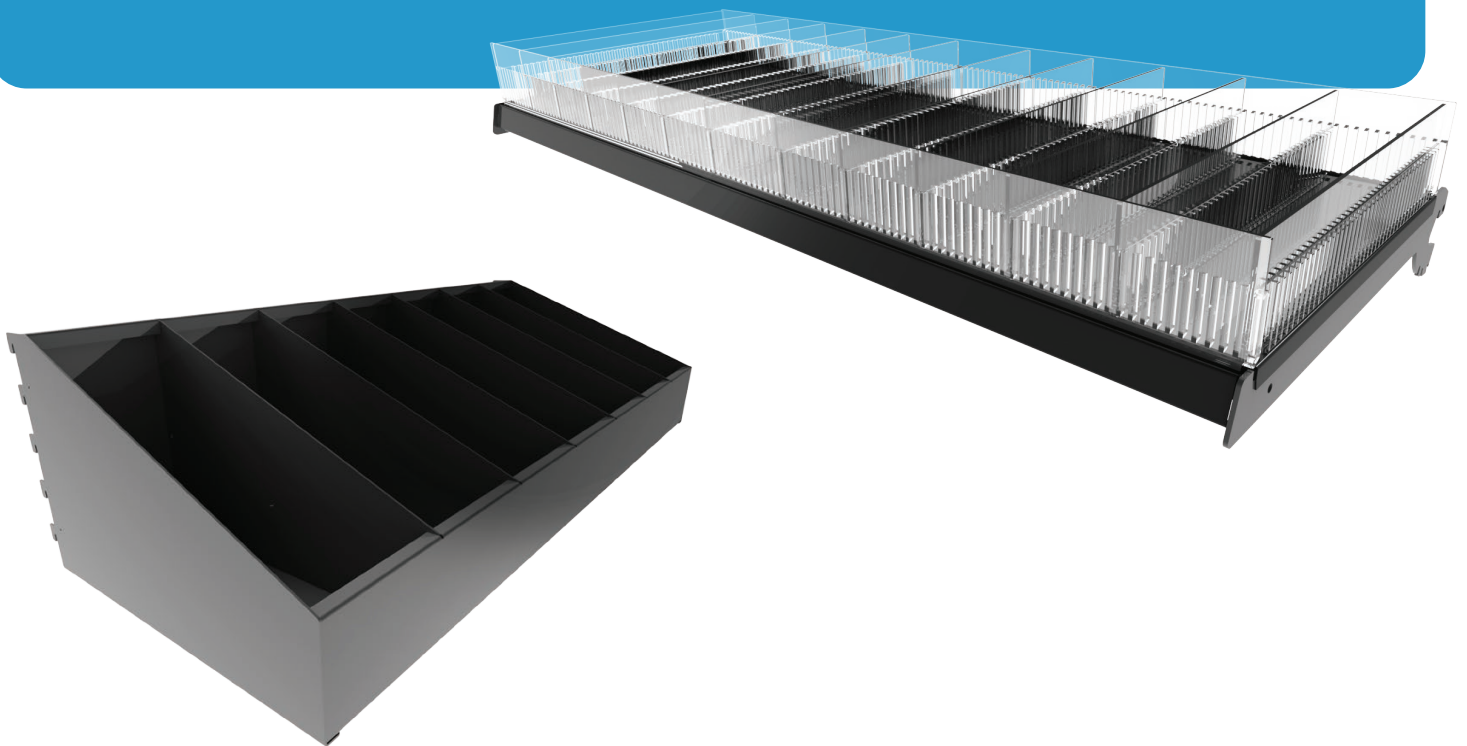

Counter top, shelf systems and stand alone stands. We can offer dispenser units to suit all budgets using gravity fed systems up to spring loaded sliders.

## Shelf Variations

We offer a wide range of shelving in all shapes and sizes. Our standard shelves come with heavy duty brackets that can be flat or angled, these also come with the option for an acrylic divider system. Or our custom metal divider shelf can be sprayed in your company colours.

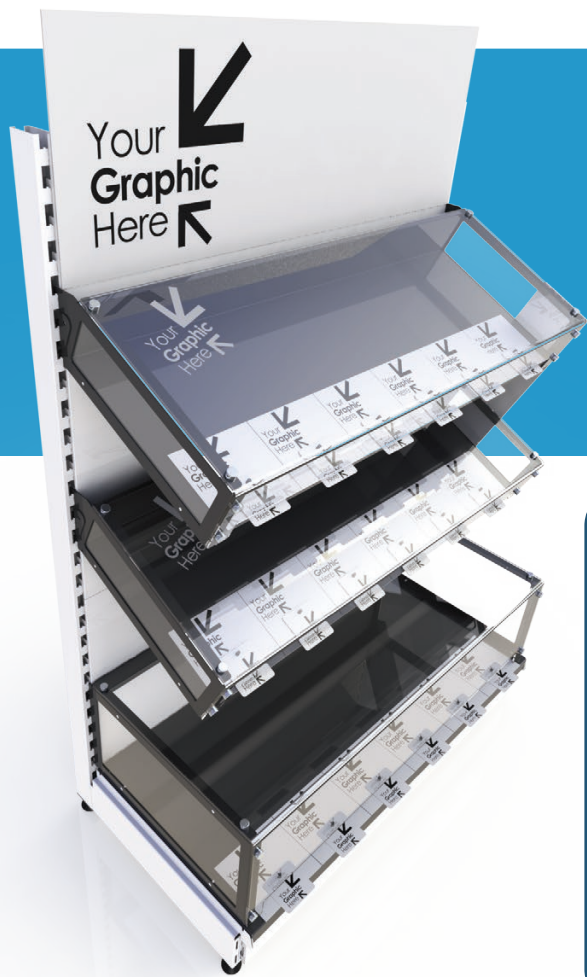

## Pallet Stands

**Does your stock get delivered on a pallet?**

Our pallet stands wrap your pallet to make an aesthetic cost effective solution. Avoids staff handling, roll your pallet in and wrap it in your branding.

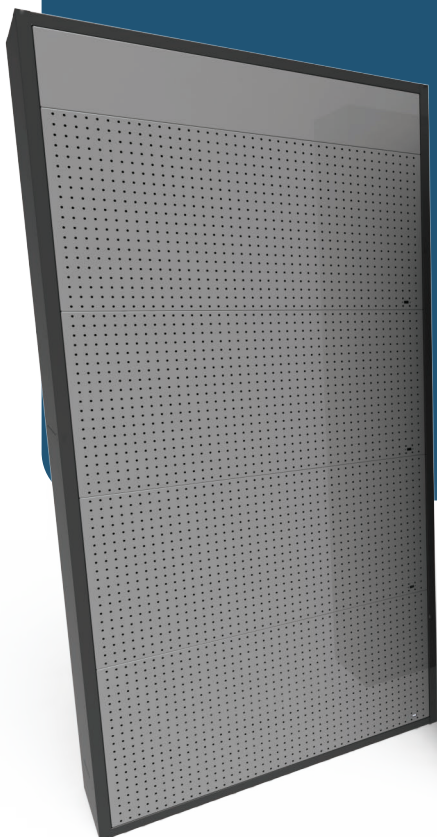

## Dressing Kits

If you have an existing stand that needs modernising or just refreshing. We can survey your existing equipment and design a dressing kit to suit. Giving you a new style stand, but keeping all your core equipment the same.

## Can't find what you're looking for?

Get in touch and let our in house design team make it for you.

## Totems

If floor space is at a premium these units provide extra display space on a minimal footprint. Add a built in touch screen to have an interactive welcome totem, with store maps, product information and provides advertising opportunities.

## Plinths

Raise your product above the competition.

Our range of plinths can make your product the focal point of any store. Made from a wide range of materials to fit any style or branding.

# Need installation?

Our in house installation team can take you from start to finish

If you can't find what you're looking for, our team is able to design and create bespoke solutions to fulfil your requirements.
